About KCC Group

Since its inception in 1951 with a vision to facilitate career-oriented education, KCC Group founded by Late Shri R.R. Agarwal and Late Shri G. P. Gupta has evolved as a comprehensive learning platform with a global reputation that strives for excellence in delivering quality education on a pan India basis.

Guided with a vision of disseminating knowledge and skills of global standards, KCC Group always strives to bring creative ideas to boost academic growth. In the process, KCC has made several breakthroughs in helping students realize their true potentials thereby making a positive difference in the society.

The Group has constantly modernized multi-disciplinary education programs and has created a perfect ecosystem via establishment of several educational colleges and residential set up under its aegis namely KCC Institute of Technology and Management, KCC Institute of Legal and Higher Education and KCC Hostels all elegantly entrenched together within a lush-green 40-acre campus in the heart of Knowledge Park, Greater Noida.

KCC Institute of Technology and Management (KCC ITM)

KCC Institute of Technology and Management, affiliated with Dr. Abdul Kalam Technical University (AKTU) and approved by All India Council of Technical Education AICTE, has emerged as a premier Engineering & Management college located in Greater Noida that offers MBA & B. Tech and M. Tech program in all major branches. KCC ITM has been ranked 7th best engineering college in India by Times of India, ranked first amongst top institute by CSR, received AA+ grading by Career 360, ranked 2nd best in North India for faculty and best engineering college in UP for placement.

KCC Hostels

Within its 40-acre campus lies a 9-storey world-class KCC hostels with a capacity to accommodate 600+ occupants. It offers a secured, economical and five star accommodation in a range of room settings for students, staff, and working professionals looking for co-living spaces.

KCC group is inherently futuristic and aggressively expansive in its outlook. As part of its journey the group is looking forward to inaugurate new campuses across India while simultaneously, forming new alliances with overseas universities to offer more fortified educational programs.

Affiliated to GGSIPU - NAAC 'A' Grade University

Grade 'A' college of GGSIP University

About KCCILHE

Built on a sprawling 40 acre campus in Greater Noida and conceived as a hub for learning and leadership that has set the highest standards in post-secondary education, KCC Institute of Legal and Higher Education has established a national reputation as being one of the finest legal and management institutes in the country.

KCCILHE offers undergraduate courses in BBA, BCA, BA-JMC, B.COM.(H), BBA.LLB(H), BA.LLB(H) affiliated to Guru Gobind Singh Indraprastha University.

KCCILHE provides an all-encompassing and enriching college life experience to its students. In addition to a clearly defined emphasis on learning and knowledge sharing that is industry-centric, the institute continuously strives to inculcate and enhance critical professional skills such as verbal and written communication, overall personality development, sports and extra-curricular activities.

When ranked and assessed on infrastructure, KCC is second to none. The institute boasts of finest infrastructure in Delhi/NCR. Whether be it computer labs loaded with latest branded computers, Wi-Fi connectivity, robust library, 500 seater auditorium, communication lab, cafeteria (to accommodate more than 200 students at a time),

sports complex of international standards or hostel, the institute has it all that is needed for a world class learning environment for the students.

About Guru Gobind Singh Indraprastha University

Guru Gobind Singh Indraprastha University is a public university, located in Delhi, India. The Institute is affiliated to Guru Gobind Singh Indraprastha University. GGSIPU is the first university established in 1998 by Govt. of NCT of Delhi under provision of Guru Gobind Singh Indraprastha University Act, 1998. GGSIPU is recognized by University Grants Commission (UGC), India under section 12B of UGC Act and NAAC 'A' grade university.

It is one of the best universities of India, taking pride as the only university of India and first in Asia which has received Platinum Technology Award in Geneva, Switzerland presented by Association Otherways Management and Consulting (OMAC), a Paris based international organisation.

MISSION

- To transform ordinary aspirants into extraordinary professionals.
- To eradicate geographical boundaries for students by having multiple campuses across the world.
- To create sustainable professional synergies to facilitate career channels for students.
- To inculcate a strong sense of commitment and ethics in students.
- To blend theory with practice by exposing students to the prevailing industry standards.

VISION

- To impart comprehensive education to the students matching the global standards, foster socially responsible culture in the students and be globally recognised and accepted as an institution delivering world class education.

QUALITY AT THE CORE

- To be able to contribute to society by producing top-notch managers and engineers.
- To keep infusing the latest in the curriculum so as to deliver the best to the students.
- To organize continuous improvement programmes for student and faculty community.
- To bring to the campus the latest of technologies.
- To always foresee the emerging trends in the industry and prepare the student to face the industry challenges and requirements well.
- To always encourage research centered approach towards study.

KCC Legal Aid Bureau

The Legal Aid Bureau at KCCILHE under the School of Law in collaboration with district legal services authority offers legal & paralegal services to socially and economically backward sections of society. It also serves as a platform for practical training for the students of law.

Established with the objective of bridging the gap between legal rights and awareness, the Bureau seeks to empower marginalized communities by offering expert guidance and support on various legal matters. Through this endeavor, our institution reaffirms its commitment to social responsibility and inclusivity, striving to create a more equitable society where access to justice is not limited by economic or social status.

Participation in the Legal Aid Bureau not only contributes to the betterment of society but also provides our students with a unique opportunity for experiential learning and skill development. By

engaging with real-life cases and clients, students hone their critical thinking, research, and communication skills, while gaining practical insights into the legal profession. Moreover, this hands-on experience fosters empathy, social awareness, and a sense of responsibility among our students, shaping them into compassionate and socially conscious legal professionals.

The Legal Aid Bureau conducts number of activities such as-

- Organising Legal literacy and awareness camps.
- Promote cyber awareness
- Provide legal advice free of cost.
- Organising community legal workshops.
- Assist in Legal documents preparation.
- Correctional Home Visits.

NATIONAL LAW FESTIVAL

The KCC National Law Festival, hosted by the KCC School of Law, Greater Noida, is a prestigious event that brings together students from leading law schools across India. It offers a unique platform for participants to engage in intellectual discourse, legal skill-building, and interaction with eminent High Court and Supreme Court judges, senior advocates, and legal scholars.

The festival features competitions and events such as the National Conference, Moot Court, Client Counselling, Judgment Writing, and Debate Competitions. These activities provide practical exposure, enhance advocacy

and counselling skills, and develop judgment drafting and critical thinking abilities.

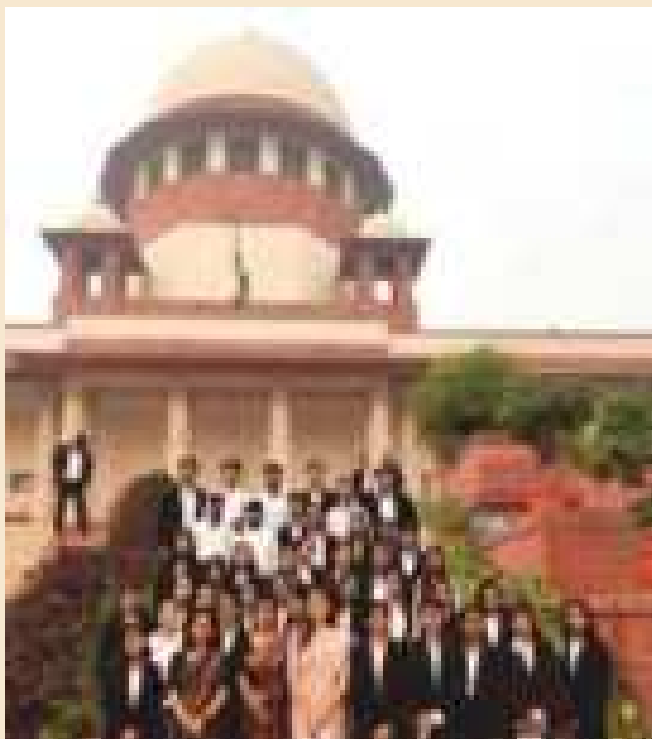

Beyond competitions, the festival fosters collaboration, innovation, and knowledge exchange, creating opportunities for future legal professionals to engage with judicial luminaries and industry leaders, gaining real-world insights into the evolving legal landscape.

Building on its legacy, the KCC National Law Festival has become a vibrant hub for legal learning and professional networking, inspiring students to broaden their horizons and prepare for future challenges in law and governance.

NATIONAL LAW FESTIVAL

Supreme Court of India

A visit to the Supreme Court of India was organised for students of BBA. LLB(H) and BA. LLB(H). The purpose was to provide first hand experience and exposure to the workings of India's highest judicial institution, aiming to broaden their understanding of legal proceedings. The students were divided into seven groups to observe proceedings in different courts with varying bench compositions.

Notably, a Constitutional Bench led by Chief Justice Dhananjaya Yeshwant Chandrachud along with Associate Judges Mr. Justice Sanjiv Khanna, Mr. Justice B.R. Gavai, Mr. Justice J.B. Pardiwala, and Mr. Justice Manoj Misra, was in the process of hearing petitions challenging the legality of the "Electoral bonds scheme," a mechanism that facilitates anonymous donations to political parties. The other benches were presided over by Honourable Judges, Mr. Justice Sanjay Kishan Kaul, Mr. Justice S. Sundresh Deppankar Das, Mr. Justice Suryakant Datta, Mr. Justice Bhushan Ramkrishna Gavai, Mr. Justice Aniruddha Bose, Ms. Justice Bela M. Trivedi and Justice Mr. Ujjal.

The visit aimed to complement theoretical knowledge with practical exposure, allowing students to interact with legal professionals, experience courtroom dynamics, and understand the application of laws in real cases. Interaction with members of the Bar Association provided practical insights into the legal profession, and students explored the Court's library and Museum to enrich their knowledge of legal history and resources. Overall, the visit intended to enhance students' legal education by immersing them in the real-world environment of the apex court.

Indian International Society of Law

Students of BALLB (H) and BBA LLB (H) integrated degree program visited the Indian International Society of Law (ISIL), New Delhi.

The students were fortunate to grab the opportunity to meet the Honourable Secretary General, Mr. Narinder Singh, ISIL. Mr. Singh, a distinguished figure, received the M.C. Bassiouni Justice Award in 2017. He served as the former Chairman of the International Law Commission (UN), Additional Secretary, and Legal Adviser of the Ministry of External Affairs. Currently holding the position of Professor Emeritus at Maharishi Law School, Noida, Mr. Singh shared profound insights into international law and its counterparts, enlightening our students.

The discussion with Mr. Singh included intriguing facts in relation to the connectivity between nations based not only on satellites but also involving transmission lines under water and land made possible

through conventions and agreements between states. He also shared his views about international laws such as inter-state conflicts, human rights, human trafficking, cross-border violence, gender-based violence, and terrorism. It concluded with a quick interactive session of the students with Mr. Narender Singh.

District Jail -Gautam Budh Nagar

A visit to the District Jail, Kasna, Gautam Budha Nagar was organised by KCCILHE for the students of BA LLB(H) & BBA LLB(H). Prisons often go unnoticed, harbouring injustices and overcrowded with undertrials. The visit aimed to give students a firsthand look at the workings of the criminal justice system's culmination. About 67% of jail inhabitants are undertrials, facing longer terms than they might receive with proper trials. Divided into groups, students observed the challenging prison setup, where insufficient public defense and oversight create daunting living conditions. India Vision Foundation, led by Kiran Bedi, stands out for its commendable efforts in equipping prisoners with skills for reintegration into society. Students witnessed these skill development classes, contributing to an enriching experience to augment their legal education in a real-world context.

OUT BOUND LEARNING

Indian Law Institute

KCC Institute of Legal and Higher Education in association with Faculty of Law, SGT University organized a Lecture by Padma Shri and eminent law Professor Prof. Upendra Baxi on the topic, "A new Social Contract: the Bench, Bar and the people" at Indian Law Institute, New Delhi.

The Lecture was an eye opener for both the students as well as the faculty members. Through the Lecture, Prof. Baxi applied social contract theory in the modern society while defining the relationship that exists between the Bar, the Bench and the people. Social contract theory is nearly as old as philosophy itself, visualizes the persons' moral and/or political obligations are dependent upon a contract or agreement among them to form the society in which they live. He cited numerous examples to justify the existence of social

contract between the Bench, Bar and the people. He further embellished his lecture with his own theories and ideas. His perspective on Human Rights particularly the usage of word Human and Person and how it leads to patriarchy was duly appreciated by the audience. He suggested the usage of the term 'Huper' by removing man from human and son from person in an endeavour to give it a gender neutral Connotation. Prof. Baxi further explained about complex philosophies of thinkers like Jeremy Bentham (Utilitarianism) etc. Furthermore he also emphasized the way, some of the senior most advocates of Supreme Court like Ram Jethmalani interpreted article 368 in the famous Keshavananda Bharti Case. He also answered with utmost patience some of the questions from the audience for eg., How far the Supreme Court Advocates have the Liberty to go beyond the Constitutional Terminologies and Language? Mostly the Higher Court judgements are in English, is it not hampering the Justice rendering process where more than 20 official languages are recognized in the courts and still numerous such languages are prevailing in India?

It was a mesmerizing Lecture in which all the eyes were focused on Prof. Baxi, learning from his explanations, teachings, oratory skills and even the personality.

Indian Parliament

A visit to the parliament was organized to help the students understand the workings of Indian Parliament. This also helped them to understand our history while going through various chambers and halls. The visit was aimed to help our students to understand the making and the working of the Indian Legislature. The students

witnessed the discussion on the problem of Drug Abuse in the Country and the steps taken by the government to address it. This opportunity of witnessing live Parliamentary Session helped the students in understanding the policy formulation.

National Conferences

National Conference on “Criminal Law & Forensic Justice: Challenges and Way Forward”

The School of Law hosted a National Conference on Criminal Law and Forensic Justice on April 6, 2024, to examine the existing challenges in the pursuit of justice within the realms of criminal law and forensic justice. The conference facilitated a dynamic discussion among law students, exploring diverse perspectives on forensic science and criminal intent. With a focus on ensuring just, reasonable, and fair trials, the event highlighted the pivotal role of forensic science in the criminal justice system. By analyzing scientific and physical clues from crime scenes, forensic science helps identify distinctive characteristics of suspects, simplifying the process of attaining justice. The conference underscored the significance of scientific evidence in criminal cases, emphasizing its importance in delivering justice.

Invited Speakers:

Hon'ble Justice Shri Vipin Sanghi,

Former Chief Justice, Uttarakhand High Court.

Dr. G.K. Goswami,

ADG, UPSIFS, Lucknow

Mr. Samir Datt,

Founder & CEO of Forensic Guru.com

Mr. Vivek Narayan Sharma,

Advocate-on-Record, Supreme Court of India and Ex-Joint Secretary, Supreme Court AOR Association.

National Conference on "The Future of the Digital Economy: Contemporary Challenges and Emerging Opportunities" was held on January 31-February 1, 2025, bringing together renowned experts, academics, and industry leaders to discuss the latest trends, challenges, and opportunities in the digital economy. The conference featured keynote addresses, panel discussions, and paper presentations that explored topics such as artificial intelligence, blockchain, cybersecurity, digital payments, and e-commerce, among others. The event provided a platform for participants to share knowledge, exchange ideas, and identify potential solutions to the challenges facing the digital economy, ultimately aiming to foster collaboration and innovation in shaping its future.

National Conference on The Future of the Digital Economy: Contemporary Challenges and Emerging Opportunities

Invited Speakers:

Mr. Srijan Pal Singh

SOCIETIES

ART ATTACK

ART & CRAFT SOCIETY

Art & Craft Society aims to promote art and artistic traditions for over-all personality development of students; by providing the budding artist the space and necessary equipment to experiment with and learn diverse art. The society is a hub which promotes the manifestation and portrayal of human creative skills and imagination, in visual form like painting and craftwork. The society utilizes every opportunity to enhance the creativity of our artists and provides them a platform to showcase their talent by organizing different events throughout the year.

brings out hidden talents in the students, provides a stage to scriptwriters, musicians, artists and anyone who is ready to contribute and participate in the society.

TECHSTARS

TECHNICAL SOCIETY

The Society aims to promote the interest of science and technology amongst students of KCCILHE. The society aims to assist and contribute to the production and development of good quality technicians needed by the reputed world organizations. The society tries to impart knowledge and first-hand training from various fields of science, technology and related areas, in order to foster research, educational processes to changing conditions & technology. The society will bring about effective linkage between industry, technical institutions and students.

GLITZ

FASHION SOCIETY

Fashion Society of KCCILHE ensures that the students who become part of this society must get a chance to enhance their skills for modelling, styling, photography, film, event planning and advertising. The society aims to develop students' interest and give them a greater perspective on the ins and outs of the fashion industry and fashion trends as well as giving them an outlet for their creativity. The society lays a platform where students can celebrate all forms of fashion.

MELOMANIA

MUSIC SOCIETY

Music Society is formed and governed by representatives of students and faculty of KCCILHE to ensure that students disseminate and enjoy all forms of music be it classical, pop, western raps, etc. and, supports first-hand training for musical instruments like guitar, piano, drums. The society not only uplift the individual performers but also emphasizes on the training of ensemble playing, aural development and musical appreciation.

SPORTSVILLA

SPORTS SOCIETY

SPORTS SOCIETY is a community to encourage sports activities in the KCCILHE. The aim is to bring talents together; encourage and support them to participate in Institutional, State and National Level Sports. The Sports Society aims to foster healthy sporting habits by instilling values in adequate learning environment with opportunities for all students to play recreationally and competitively whilst maintaining a safe, friendly and equitable environment.

THESPIAN

THEATRE SOCIETY

Theatre society of KCCILHE is comprised of students who are passionate about theatre. The society works to sensitise people of the societal, environmental, physical, mental etc. realities of the societies, regions, cultures we are part of by giving 'special performances of plays which have a literary, artistic, cultural and social rather than a commercial value' attached to it. Theatre society

SWAY

DANCE SOCIETY

Dance Society of KCCILHE is comprised of fervent dancers who not only engage in technique-based training but also learn the finer nuances like articulating and breathing from the soul and inspire self through the medium of dance. The society encompasses all forms of dance such as classical choreography which includes jazz, contemporary, ballet and western which comprise of hip-hop, street & break dance; wherein synergised dance renditions are prepared. Furthermore, all its members are inspired and given a chance to grow as solo performers.

BIBLIOPHILE

LITERARY SOCIETY

The Literary Society is formed and governed by representatives of students and faculty of KCCILHE to develop an environment of reading, writing and discussion to develop presentation and creativity skills of its members. It aims to make one platform where all can share their feelings about surroundings, their insights on politics, life, and college issues, their frustrations, trials, and happy moments in a creative way. This society is community made for people who love literature and want to share their experiences, readings and thoughts with others who have the same interest and talent.

SHUTTERBUG

PHOTOGRAPHY SOCIETY

SHUTTERBUGS: Photography society of KCCILHE in the varsity is a platform where students can explore the art of clicking. The society aims to bring inspiration, creativity and connection through photography, as it makes sure that a photographer sees what a common man can envision. It brings together the like-minded people and share knowledge about the art and science of Photography. It encourages students to study light and impart tips on composition.

PRAYAS

WE STAND FOR YOU

The society is composed of a small, but diverse group of students who share common interests in sustainable development and charity work, and the passion for volunteerism and initiating change. The aim is to use the society as a venue for awareness and learning of contemporary social and environmental issues in the context of sustainability and social responsibility. The society aims to promote a feeling of brotherhood amongst students toward their fellow citizens. All the activities of this society are planned jointly by the society members and the faculty in-charge.

Internship

An Internship Provides Real Life Experience and Exposure

An internship enables the student gain first-hand exposure of working in the real world. It also allows students to harness the skill, knowledge, and theoretical practice they learnt in colleges.

“Tell me and i forget, teach me and i may remember, involve me and i learn”

This statement by Benjamin Franklin explains the idea of taking up internships, while pursuing the course. Internships have become an integral part of all courses, be it engineering or management. Each student has to undergo mandatory internship during his 3rd year of program which is often facilitated by the placement cell of the institute. Internships help students to explore their own capacities, their strengths and weaknesses. Following explanation establishes the importance of taking up internship.

All Students pursue 6-8 week summer internship jointly supervised and facilitated by the Institute and leading multinational companies. The internship helps them gain valuable practical industry experience while at the same time providing an opportunity to explore full-time career possibilities with the employer.

The Opportunity To Learn More About oneself

As a student, one may still not have made up the mind about what job would best suit him. There cannot be a better way to get to know the nature of the work than to enter the industry through the internship opportunities offered by most companies.

Provides a platform to do net working

An intern gets many opportunities to build connections with company professionals that can be very beneficial for students future career.

Building a CV that lands you an Interview call

Having an impressive CV always helps.

Internships are the perfect way to enhance your resume through relevant experiences. The more experience one acquires, the better position one will be in landing a job. "If you make a good impression, a recommendation can go a long way to landing yourself a job.

Transition from being an intern to full time employee

The internship helps the students gain practical experience and also explore the opportunity of getting absorbed by the company as a full time employee.

Headed by a senior HR personnel and with an aim of fetching lucrative placements for all students, a dedicated placement cell has been set up.

Efforts of several HR experts have gone in deciding the strategies for the working of this cell so as to deliver the best to the students. KCC strongly believes that it is their prime responsibility to make sure that all the students get placed in a good organization. All students are bound to reap the benefits of a strong liaison maintained by KCC with different organizations. There is constant interaction between the students and the placement in-charge throughout the programme.

PLACEMENT CELL

The placement committee is responsible for coordination of all activities involved in the process. It initiates and manages the tasks like sending out invites to the companies, carrying out all communication between recruiters and institute. It also includes placement co-coordinators who ensure the compliance with institute policies with the pre-requisites of prospective recruiters. It is also equipped with all the paraphernalia to support every stage of the recruitment process. The facility includes:

- Auditorium to conducts Pre-Placement Talks (PPT)
- Full online support for written tests
- Video-conferencing facility

The placement cell conducts various talk sessions with experienced career advisors to keep the students abreast of the various avenues available for them.

Special grooming sessions are conducted wherein communication skills, presentation skills, physical grooming and corporate dressing issues of students are addressed apart from seminars, guest lectures & career conferences. The cell conducts a lot of in-house mock interviews that helps in identifying the students weak areas. Mock interviews give a clear cut direction to the faculty as to which aspects of a student requires special attention. HR cell is committed to utilize its diversified & strong industry links for the placement of students in prestigious organizations.

- A formal invitation is sent to Organizations.
- Placement representative shares institute's credentials and co-ordinate placement activities.
- Pre-final year students are asked to register in the placement cell.
- Resumes are collected and formatted to the requirement of organization.
- The list of students who meet the eligibility criteria are sent to the responding companies upon request.
- Organization assigns a convenient date for a "Campus Visit".
- Pre-placement talk is arranged for the students appearing for the drive by the placement cell.
- Official representative conduct the recruitment and selection. Subsequently publish the list of selected student.
- Company sends the offer letters in a designated timeframe, along with the complete details on remuneration fixed.

Further to ensure the productivity between Institute and Organization, the institute pre-scan the candidature with its Resume Verification Service - A Placement cell initiative.

CRC Team

Placement is the ultimate goal of each student and the CRC works relentlessly towards the realization of this goal. The dynamic CRC team members spare no efforts in alleging the best companies for placement and internship drives for the students.
